

WORKFORCE FOUNDATION

Our Mission: Empowering justice-impacted individuals to live a life they choose.

Workforce Foundation seeks to provide gainful employment opportunities that are equitable, positioning justice-impacted people as visible community leaders.

Workforce Foundation deeply values inclusion, empowerment, and transformation, offering people opportunities to build social and financial capital, in addition to cultivating a culture of acceptance and authenticity.

Programs and Services include:

Employment Assistance: Workforce Foundation provides client-facing services to address barriers and create transition plans to connect people to satisfying job opportunities.

Employer Partnerships: Workforce Foundation partners with employers who agree to set hiring targets, allowing for a more robust and inclusive labor market.

Mentoring: Our community has access to mentors, as we understand building support and relationships is integral to success. Mentors support our community in building self-esteem, self-efficacy, as well as job skills.

Employment Curriculum: Workforce Foundation developed and delivers an process-oriented employment class designed to target specific needs, strengths and barriers faced by justice-impacted individuals.

Deep Dive Program: We work in conjunction with Community Passageways to support youth in their employment efforts. We provide resume building, curriculum, skill-building, mentorship, and holistic support in launching youth into the workforce.
