

## Virtual Mentorship Q&A Session w/ WELD

Friday, December 2nd, 2022 from 12:00 pm - 1:00 pm (PST)

Please login 5-10 minutes early / camera on / mute yourself

Join Zoom - [HERE](#)

The Seattle External Events team has put together a series of Q&A Mentorship sessions involving local coding camps / schools / non profits etc. The objective is for various Globanteers to share their experiences across technologies, how they got involved in tech and participate in a virtual Q&A session with the attendees.

Weld Works offers a temporary to permanent direct placement employment program connecting members with employment opportunities in construction, general labor, manufacturing, property maintenance, and retail. Weld Works gives people in transition the connections, skills, and training necessary to become long term and meaningful workers.

More about WELD - [HERE](#)

Jay or Carolyn to introduce Globant & Cam.

# Seeking Globanteers!

WELD Seattle helps people returning home from jail or prison rebuild their lives after they have fulfilled their sentence by assisting with pathways for employment.

Globant is partnering with WELD to encourage their members to connect, build skills and learn more about technology.

Want in? Share your knowledge and experience in the tech field via live virtual Q&A sessions and an Hour of Code Session.

## When? We will have two virtual session:

- **December 2nd - 3 pm (EST) | 12 pm (PST)**
- **January 20th - 3 pm (EST) | 12 pm (PST)**

To learn more about WELD, visit their website [weldseattle.org](http://weldseattle.org)

Reach out to **Amy Nygaard** for more information.

# Curious about the world of technology?

Join us for 2 exciting virtual events with the team from Globant

December 2nd from 12:00pm - 1:00pm PST

## **Virtual Q&A Mentorship Session:**

"Ask any questions you might have about technology"  
Professionals from Globant who will share their experiences

January 20th from 12:00pm - 1:00pm

## **Hour Of Code session:**

Learn some helpful tips and tricks to  
get you started in technology.
